Version 7.7 – 09/03/20

COLLATERAL, continued	
Manufactured Housing	CMS accepts manufactured homes permanently affixed to the foundation, built on or after June 15, 1976, and meet all HUD requirements. Single-wide manufactured homes are not eligible. Manufactured homes with acceptable alterations or additions must have marketability, "like" comparables, gross living area (GLA) of addition must be smaller than the original home and structural engineer's certificate required. A manufactured home with an additional manufactured home of the property is permitted when the second manufactured home is used as a storage building, the kitchen is rendered inoperable and the utilities are disconnected. An engineer's certification is always required to verify the foundation complies with the Permanent Foundations Guide for Manufactured Housing (PFGMH). The engineer certificate must also address additions/modifications when additions/modifications are present. Follow HUD requirements. The manufactured home and site must be converted to real estate prior to closing. Proof of the conversion must be documented. Refer to the CMS FHA Underwriting Guidelines for additional details regarding manufactured housing.
Manufactured Homes <1YR	For Max Financing (i.e.: >90% LTV), CMS must obtain a HUD approved 10-Year Warranty AND a Final Inspection by a HUD Roster Inspector (i.e.: not a 1004D by the FHA Appraiser) in addition to the other required New Construction and Manufactured Housing exhibits. Note: HUD will only accept inspections by a local building authority (Building Permit & C.O.) in lieu of a 10-Year Warranty for manufactured housing < 1 Year when there are no FHA Roster Inspectors available in the subject's area to perform the inspections and the lender has documented efforts attempting to obtain an inspection by a HUD Roster Inspector.
FHA Flips	Resales <= 90 days are ineligible. Flips must be 91 days or greater to be eligible. CMS requires a second full FHA appraisal by another appraiser if the resale date of a property is between 91 and 180 days following the acquisition of the property by the seller and the resale price is 100 percent or more over the price paid by the seller to acquire the property. Seasoning is determined by Seller Acquisition Date & earlier of final Contract Acceptance Date or Application Date. All flips require a 12 month chain of title, contain no pattern of previous flipping or assignment of interest & evidence the property was marketed openly & fairly is required. HPML loans may require second appraisal.
HUD REO Appraisal and Property Requirements	Appraisals may only be performed by an appraiser listed on the FHA roster. Obtain an "as-is" appraisal and the appraisal must be marked as "Insurable". HUD's REO appraisal may be available at no charge. If the original HUD REO appraisal is available, a new appraisal may not be ordered when the sales price exceeds the ""as-is"" value specified on the M&M's appraisal. If the M&M Contractor's appraisal is more than 120 days old, the lender may order an updated "as-is" appraisal. The original appraisal must be used if a valid sales contract was executed prior to the expiration date of the appraisal. A second appraisal may only be ordered under the following circumstances: if the current HUD REO appraisal has expired, if there are material deficiencies with the current appraisal as determined by the DE Underwriter, or the original HUD REO appraisal is not made available by the M&M Contractor. Refer to HUD REO appraisal requirements listed below. Note: The case # on the HUD M&M appraisal should not be changed if the original HUD REO appraisal was used. Note: If the statement of insurability is marked "insurable with repairs", the file must be converted to the HUD REO Repair Escrow program. Refer to HUD REO Repair Escrow matrix for additional guidance.
HUD REO Appraisal Requirements - If Original HUD REO Appraisal is not Available	An "as-is" appraisal is required with a statement of insurability. The statement of insurability on the appraisal must be marked as "insurable". The Property Condition Report (PCR) must be provided to the appraiser prior to inspection. In addition, the Listing History must be included in the file with the original list price. The property listing may be located at: www.HUD.GOV/hudhomes . If the listing history is not present, the M&M Contractor may provide. The sales contract must indicate standard FHA financing.

FICO	Minimum of one (1) reported credit score required for borrowers with traditional and thin file credit. No scores for borrowers with non-traditional credit history.
Minimum Payment	If no payment is indicated, 5% for revolving charge accounts.
Student Loan Payments	Student loan(s) would be calculated as follows, regardless of the payment status. CMS must use either the greater of: 1% of the outstanding balance on the loan; or the monthly payment reported on the borrower's credit report; or the actual documented payment, provided the payment will fully amortize the loan over its term.
Minimum Tradelines	Borrowers must have sufficient credit history to generate a valid FICO score, or borrowers must meet the non-traditional guidelines listed below. Generally, an acceptable credit history does not have late housing, installment debt or major derogatory revolving payments. Authorized tradelines are not acceptable for establishing a credit history and may invalidate the FICO score.
Non-Traditional Credit	Borrowers who have no established traditional credit references may be eligible using non-traditional credit references. A minimum of three (3) credit references each rated for 12 months is required. At least one (1) of the credit references must be housing related. There can be no housing lates and maximum 1x30 day late payment with the other credit references in the previous 12 months. There can be no major adverse or public records filed in the last 12 months. Non-traditional credit references may not be used to offset derogatory pay histories on traditional credit. Non-traditional credit may not be used to enhance the credit history of a borrower with derogatory pay histories. Refer to CMS FHA Lending Guides for additional information regarding the use of non-traditional trade references. All loans with non-traditional credit require a manual underwrite, max LTV allowed per program guidelines, maximum ratios of 31%/43%, 1 month reserve requirement for 1-2 Unit properties. Three (3) month reserve requirement for 3-4 Unit properties, gift funds allowed for down payment and closing costs, and must follow standard FHA guidelines as outlined in the CMS FHA Underwriting Guidelines.

Items Paid Outside Closing (POC)	POC permitted for appraisal and credit report fees. Must be documented with a cancelled check or debit transaction with clearance shown on the bank statement and a copy of the invoice to source borrower's own funds. Payment for appraisal and credit report may not be from a credit card. The borrower is required to have a 3.5% Minimum Required Investment (MRI) which may include POCs.

The non-occupying borrower arrangement may never be used to develop a portfolio of rental properties. The financial contribution by the non-occupying co-borrower and the number of properties owned may indicate family members are acting as 'straw buyers.' Cash-out Refinance / Seasoning	Follow HUD at 80% LTV Maximum. The Property securing the cash-out refinance must have been owned and occupied by at least one borrower as their Principal Residence for the 12 months prior to the date of case number assignment.
