Judgments/Liens	Outstanding judgments and liens must be paid at or prior to loan closing. All outstanding debt owed to a state or the IRS for income or property tax must be paid off, at or prior to Closing, regardless of whether or not the debt has become an actual lien. All state and IRS tax liens on the subject property and other properties are required to be paid whether or not they currently affect title. No payment plans or subordination is allowed. Documentation of the satisfaction of these liabilities, along with verification of funds sufficient to satisfy these obligations must be obtained.

Debts/Minimum Payment	If the credit report does not show a required minimum payment amount and there is no supplemental documentation to support a payment of less than 5%, the lender must use 5% of the outstanding balance as the borrower's recurring monthly debt obligation. For DU loan casefiles, if a revolving debt is provided on the loan application without a monthly payment amount, DU will use the greater of \$10 or 5% of the outstanding balance as the monthly payment when calculating the total debt-to-income ratio. For all student loans, whether deferred, in forbearance, or in repayment (not deferred), the lender must use the greater of the following to determine the monthly payment to be used as the borrower's recurring monthly debt obligation: 1% of the outstanding balance; or the actual documented payment (documented in the credit report, in documentation obtained from the student loan lender, or in documentation supplied by the borrower). If the payment currently being made cannot be documented or verified, 1% of the outstanding balance must be used.

The following documents are required: copy of the court order; and for mortgage debt, a copy of the recorded documents transferring ownership of the property (e.g.: Quit Claim Deed). If DU does not issue the disputed tradeline message, the lender is not required to: further investigate the disputed tradeline on the credit report, obtain an updated credit report (with the undisputed tradeline).

Tax Return Transcripts / W2 Transcripts	When federal income tax information is used to document income for qualifying purposes, the lender may obtain transcripts of the applicable federal income tax documents directly from the IRS (or designee) by using IRS Form 4506-C. For example, the lender may obtain Tax Return Transcripts for Form 1040, 1040A or 1040EZ or Wage and Income Transcripts for W2s, 1098s, and 1099s. However, in certain instances, copies of the actual returns, schedules, or forms are needed because the tax return transcripts will not provide the detail required to qualify the borrower. For example, the lender must obtain copies of Schedules B through F, Schedule K-1, Form 2106, or business returns.
